

THE place for special events

BEST WEDDING VENUE DEER PATH INN

255 E. LINCOLN ROAD, LAKE FOREST, 847/234-2280

"We treat the people who come here like family," says Michel Lina, the Inn's general manager. "We do everything for them from the heart and we only buy the best quality of food. We have white jacket service, the old-fashioned white gloves. You walk into the hotel, the setting, the ceiling with all imported pine beams from England, it's very special. You walk into the lobby and there are all fresh flowers all the time. You go into the bathroom and there is a beautiful flower arrangement in there in a beautiful Italian vase. I'll be honest with you — when things slowed

down after 9-11, I increased the flower budget. When things are tough, you have to have shiny shoes. I tell my staff, 'Just think about what your parents did when you were a little kid. When they invited people to your house what did they do? They brought out the best china and silver, they cleaned everywhere, they made sure the kids had haircuts.' That's what it is. That's the hospitality business."

Weddings ... plus anniversaries, birthday parties, baptisms, bar mitzvahs, confirmations, retirement, awards banquets, and all the other special events of your life.

Unmatchable ambience, outstanding food, unbeatable service.
